PROFILE SUMMARY

Experienced Cloud Engineer with a strong foundation in project management. Certified in AWS Cloud Computing, PRINCE2, AgilePM, and APMG Change Management, I specialise in designing scalable, cost-efficient, and reliable systems and services using AWS technologies. An effective communicator with strong problem-solving, analytical thinking, and adaptability skills honed through diverse work environments. I am committed to delivering excellence and driving impactful results in every initiative.

PROFICIENCIES

- **Cloud Skills:** Amazon Web Services, AWS Elastic Container Service, Cloud Services, Cloud Infrastructure, Cloud Data

- **Project Management Skills:** MoSCoW Prioritisation, Timeboxing, Resource Management, Risk Management, Business Case Development, Project Coordination, Quality Management, Project Planning

- **Other Skills:** Analytical Thinking, Problem Solving, Communication, Task Management, Detail-Oriented, Time Management

EDUCATION & TRAINING

Project Management Programme   Feb 2022 — May 2023
ITonlinelearning, Scotland

AWS Cloud Computing Programme   Feb 2022 — Aug 2022
E-Careers, Scotland

Higher National Diploma in Petroleum Engineering Technology   Oct 2017 — Nov 2019
Petroleum Training Institute, Nigeria

National Diploma in Petroleum and Geo-Science Engineering   Dec 2012 — Feb 2016
Petroleum Training Institute, Nigeria

Senior School Certification   Sep 2002 — Jun 2008
Priscilla Memorial Secondary School, Nigeria

PROJECT

Cloud Engineer | Duckscloud.com   Sep 2024 – Dec 2024

- Designed, developed, and launched the Duckscloud website
- Deployed duckscloud.com with Amazon S3 to achieve scalable and secure hosting
- Set up and configured Route 53 hosted zones to manage domains effectively and ensure seamless resolution
- Implemented CloudFront distribution for enhanced website performance
- Adhered to AWS security guidelines, including the use of ACM for SSL/TLS certificate management

Project Manager | ITonlinelearning   **Oct 2022 – Mar 2023**

- Estimated time and costs and developed a communication strategy aligned with project requirements
- Created and managed project documentation, identified and engaged stakeholders, and defined the product to meet customer requirements
- Monitored project progress, managed risks, and developed effective contingency plans
- Managed and ensured the quality of project outcomes and controlled changes effectively
- Planned, managed, and optimised project stages and activities

WORK HISTORY

Depot Worker | Aviagen Ltd UK, Scotland   **Nov 2022 – Sep 2024**

- Received and verified breeding stock deliveries, ensuring accurate records and safe unloading
- Monitored inventory levels and maintained optimal storage to preserve product quality
- Performed rigorous testing and inspections to uphold quality standards and prevent contamination risks

Property Management Professional | Self-Employed   **Jan 2020 – Feb 2022**

- Managed tenant relations and resolved tenant concerns and inquiries with a professional, customer-focused approach
- Maintained meticulous records of leases, payments, and maintenance schedules
- Developed and administered budgets for operational and maintenance efficiency

Pet Blow Moulding Operator | Zedeus Food Enterprises, Nigeria   **Aug 2019 — Jan 2020**

- Operated PET blowers, ensuring consistent quality and exceeding production targets (450+ bottles/hour)
- Maintained production standards by adjusting temperature, pressure, and timing with precision
- Monitored processes, ensuring compliance with specifications for size, shape, and volume

Industrial Work Experience | Petroleum Training Institute, Nigeria   **Sep 2016 — Mar 2017**

- Boosted student engagement by organising interactive activities, ensuring participation, and reporting issues as needed
- Supervised practical tasks, guaranteeing safe and proper use of equipment while guiding hands-on learning
- Conducted maintenance and upkeep of rig tools and flow-station equipment, ensuring operational efficiency

CERTIFICATION

- ◇ **PRINCE2 Practitioner**
- ◇ **PRINCE2 Foundation**
- ◇ **AgilePM Foundation**
- ◇ **Change Management Foundation**
- ◇ **AWS Solutions Architect — Associate**
- ◇ **AWS Cloud Practitioner**
- ◇ **Higher National Diploma, Petroleum Engineering Technology**
- ◇ **National Diploma, Petroleum and Geosciences Engineering**

ADDITIONAL INFORMATION

- Driver's Licence: UK Full
- Right-to-Work: Yes (UK)
